About Us

Discover Drilift, a dynamic organization committed to delivering reliable, high-quality products and solutions with efficient execution. With years of experience, our foundation is built on a culture of **honesty, integrity, & accountability**, supported by world-class **after-sales service**.

Our name, is an amalgamation of “Drilling” and “Lifting” (Dril-Lift), reflects our focus and expertise. We are led by a team of professionals with extensive experience in their respective fields.

Our diverse product line includes **High Performance wire ropes, fibre ropes, wire rope slings, synthetic slings, chain slings, lifting accessories, as our Lifting product portfolio.**

Rock drilling tools, Top hammer drill, rigs, water well drill rigs, Drilling Machine spares, drifter spare parts, reconditioned drifters, drilling pipes, DTH hammers and bits, as well as grease and lubricants.

Drilift is proud to be in exclusive partnerships with some of the best brands in the industry, Teufelberger Redaelli Wire Ropes, Mitsubishi Diaedge Rock Drilling Tools.

With our own manufacturing capabilities and partnerships with leading Global manufacturers, we can support spare parts requirements for a large fleet of Rock Drilling machines and Drifters from Sandvik, Epiroc, Everdigm, Soosan, and many more.

Vision

To become the premier provider of innovative and reliable drilling and lifting solutions, setting new standards for excellence and customer satisfaction while continuously innovating and adapting to meet evolving industry needs.

Mission

To emerge as a market leader by delivering unparalleled products and services to meet all drilling and lifting needs. Drilift forms partnerships with world-class brands that embody innovation, technology, performance, quality, and safety. Committed to the philosophy of value addition, Drilift transcends the role of a mere supplier by closely collaborating with customers to comprehend challenges and devise cost-effective solutions that yield tangible results.

DISTRIBUTORS CERTIFICATE

Special Steel Wire Ropes

Lubricants & Greases

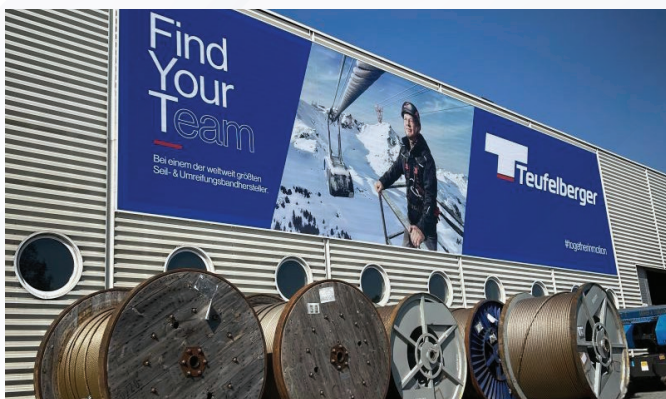

Teufelberger is Family-owned group company specializing in steel wire ropes, fibre ropes and strapping Solutions. **Established in 1790** with more than 2 centuries of experience in Rope making.

Teufelberger harbours a wealth of technologies and Knowledge which it utilizes to manufacture its product solutions. Today, its vast product portfolio includes steel wire ropes for ropeways, cranes, and forestry work, synthetic fibre ropes for yachting, fall protection, tree care, and industrial applications.

Redaelli

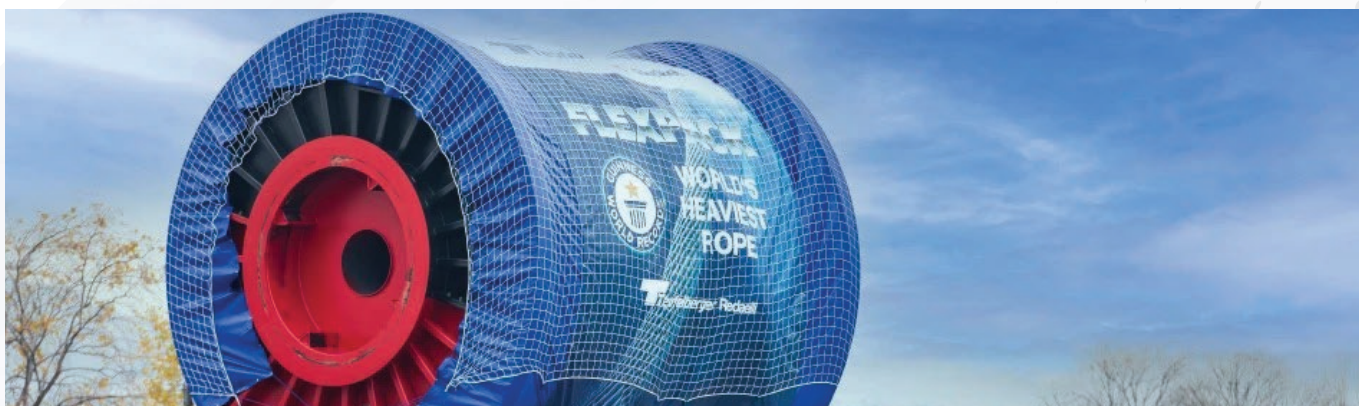

Started up as a steel drawing mill in the Lecco, Italy in the year 1819, which expanded into a larger factory and in 1870 it became a public limited company.

Redaelli is global market leader in the design and manufacturing of special steel wire ropes. It is synonymous with quality, innovation and deep technical expertise built up over its 200 years' history - an outstanding reputation for reliability, providing industry with the excellence of its products in a variety of applications.

On 28th April 2017 **Redaelli entered Teufelberger Group**. Teufelberger and Redaelli both leading manufacturers of high-performance steel wire ropes, unite their expertise to provide the best technical solutions for steel wire ropes and establish together a global presence.

Teufelberger Redaelli's Flexpack, Rope Holds the Guinness world record for the heaviest wire rope ever manufactured with a length of **4010.126 meters** and weighing an **impressive 495.9162 tons**. Along with the next 4 heaviest ropes ever manufactured..

HIGH PERFORMANCE WIRE ROPES

EVOLUTION TK16		- Ordinary lay or lang lay, right or left lay - 8-30 mm: 16xK6-EPIWRC(K), RCN 23-1 - 32-42 mm: 16xK7-EPIWRC(K), RCN 23-2 ✓ Multilayer Spooling ✓ SUPERFILL® ✓ PLASTFILL®	• Piling Rigs • Crawler Cranes • Rotary Drilling Rigs • Offshore Cranes • Offshore Winches
EVOLUTION TK 17		- Lang lay, right or left lay - 10-30 mm: 16xK6-IWRC(K), RCN 23-1 - 32-34 mm: 16xK7-IWRC(K), RCN 23-2 ✓ Multilayer Spooling ✓ SUPERFILL®	• All Terrain & Mobile Crane • Crawler Crane • Tower Crane • Duty Cycle Crawler cranes
EVOLUTION TK 18		- Ordinary lay or lang's lay, right or left lay - 44-76mm 16 x K17F – EPIWRC (K), RCN 27 - Pro Active Core Lubrication ✓ Multilayer Spooling ✓ SUPERFILL® ✓ PLASTFILL®	• Offshore cranes • Offshore Winches • Large Rotary drill Rigs • Harbor Cranes • Marine Cranes
EVOLUTION TK 27		– Lang lay, right or left lay – 21-42 mm: 18xK7-IWRC(K), RCN 23-3 ✓ Multilayer Spooling ✓ SUPERFILL®	• All Terrain & Mobile Crane • Crawler Crane • Tower Crane • Duty Cycle Crawler cranes
EVOLUTION QS816V		- Ordinary lay or lang lay, right or left lay - 10-40mm 8xK26WS-EPIWRC(K), RCN 09 - 44 – 50 mm: 8 x K31W S – EPIWRC (K), RCN 11 ✓ Multilayer Spooling ✓ SUPERFILL® ✓ PLASTFILL®	• Mobile Harbor Cranes • Ship to Shore cranes • Offshore cranes • Duty crawler cranes
EVOLUTION Q8		- Ordinary lay or lang lay, right or left lay - 14-54mm 8xK25F-EPIWRC, RCN 06 - Use without swivel ✓ SUPERFILL® ✓ PLASTFILL	• Mobile Harbor Cranes • Ship to Shore cranes • Straddle Carriers • Ship Unloaders
EVOLUTION P9		- Ordinary lay, right or left lay - K9xK19S-PWRC(K), RCN 05, ungalvanized ✓ Multilayer Spooling ✓ SUPERFILL® ✓ PLASTFILL® ✓ DUOFILL®	• Boom Hoists on All Cranes

HIGH PERFORMANCE WIRE ROPES

FlexPack		- Ordinary lay, lang lay, right or left lay - 12-13 mm: 27(W)xK7, RCN 23-2 - 14-46 mm: 34(W)xK7, RCN 23-2 ✓ Compacted ✓ Plasticated core ✓ Resist Rotation	• All Terrain & Mobile Crane • Crawler Cranes • Offshore cranes
FlexPack 1000		- Ordinary lay, lang lay, right or left lay - 46 – 160 mm: 39(W)xK7-WSC, RCN 23-3 ✓ Compacted ✓ Plasticated core ✓ Resist Rotation	• A & R Winches • Marine Cranes • Offshore Winches
Iper Flex		- Lang lay or ordinary lay, right and left lay - 30 – 58 mm: 18x7-IWRC - Use with rope swivel	• Offshore Cranes • Mining Shafts • Mobile Cranes
Keepport 8 KP		- Ordinary lay configuration, right and left hand lay - 16 - 60 mm: 8 x K26WS - EPIWRC, RCN 09 - Intensive lubrication for maritime applications ✓ SUPERFILL ✓ PLASTFILL	• Marine Cranes • Ship to Shore cranes • Mobile cranes
Pack 9P		- Ordinary or lang lay, right or left lay - 9xK19S-EPIWRC(K), RCN 05 - Use without rope swivel ✓ SUPERFILL ✓ PLASTFILL	• Crawler cranes • Overhead cranes • Offshore cranes • Mobile cranes
Pack 1		- Ordinary lay, right or left lay - 16 – 30 mm: 6 x K26WS - EPIWRC, RCN 06 - 32 – 56mm: 6 x K31WS - EPIWRC, RCN 08 ✓ SUPERFILL ✓ PLASTFILL	• Ship to Shore cranes • Overhead Gantry cranes • Offshore cranes • Marine Cranes
PERFECTION M8		- lang's lay, right or left lay - 8 x K36WS EPIWRC, RCN 13 - Use without rope swivel ✓ SUPERFILL ✓ PLASTFILL	• Marine Riser Tensioners • Marine Winches
EXECUTION D6s		- Ordinary lay, right or left lay - 30-50 mm: 6 x K26WS-EPIWRC, RCN 06 - 50-56 mm: 6 x K31WS-EPIWRC, RCN 08 - Use without rope swivel ✓ Multilayer Spooling ✓ SUPERFILL® ✓ PLASTFILL®	• Drilling Lines • Marine Hoists

MITSUBISHI ROCK TOOLS

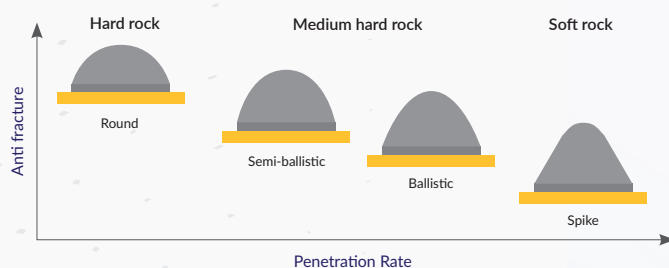

MMC RYOTEC Corporation, is a group company of Mitsubishi Materials is involved in the production of Rock Drilling and Wear resistant tools for more than 140 years.

The origin of DIAEDGE ROCK TOOLS is from Mitsubishi's own mining business. DIAEDGE ROCK TOOLS is set apart from the others with their in-house produced carbide buttons using a technology that has been cultivated for many years. The products offer solutions that achieve the customer's target in open-pit Mining, underground mining, Tunnelling, Construction, Quarrying, Waterwells.

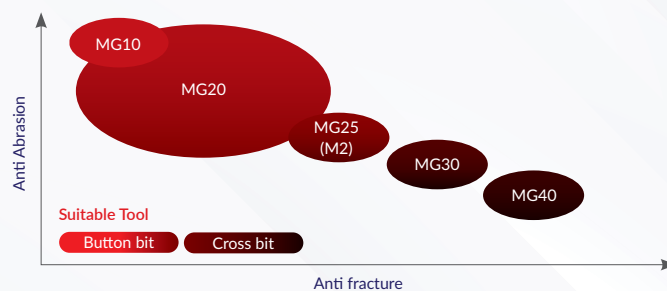

Drilift is the Sole distributor of Mitsubishi Rock drilling tools in UAE and maintains a large stock.

CARBIDE SELECTION GUIDE

Carbide shape

Carbide grade

BODY DESIGN SELECTION GUIDE

Skirt style

S: Straight skirt		Design for efficient flushing. (Standard bit skirt design)
G: Guide skirt		Designed to achieve less hole deviation to lower your blasting cost and improve the life of theether drill string components.
R: Retrac skirt		Designed to improve getting the bit back of the hole in broken ground conditions. Our retrac bit design gives a straighter hole, especially in difficult drilling conditions.

Flushing hole style

V: Face flushing		Design for efficient flushing. (Standard flushing hole design)
W: Face + Side flushing		Design for dispersed flushing
J: Face + Reverse Flushing		Design for efficient flushing at the rear of the tool.

DRILLING OILS AND LUBRICANTS

DRILIFT - DRILL GUARD

Lithium Grease ZN 40

Drill Pipe | Tool Joint Compound

Made from carefully selected raw materials and additives. It is characterized by its ideal lubricity, water resistance, adhesiveness, and high-pressure resistance.

- Reduces friction during assembly and prevents galling pick-up.
- Ensures consistent rig floor make up.
- Reduces seizure and wear.
- Facilitates easier breakout for routine maintenance.

DRILIFT - SURE DRILL

Rock Drilling Oil

Formulated from high quality base stocks and specific additives. exceed the requirements of pneumatically operated rock drills lubrication in underground and surface mining operation.

DRILIFT - SURE DRILL

Compressor Oil

Drilift Compressor Oil is well-balanced fluid for all types of Oil Based compressors thanks to friction modifiers, detergent dispersants, oxidation inhibitors, viscosity index improvers, corrosion inhibitors, and defoaming agents. It delivers a flawless performance.

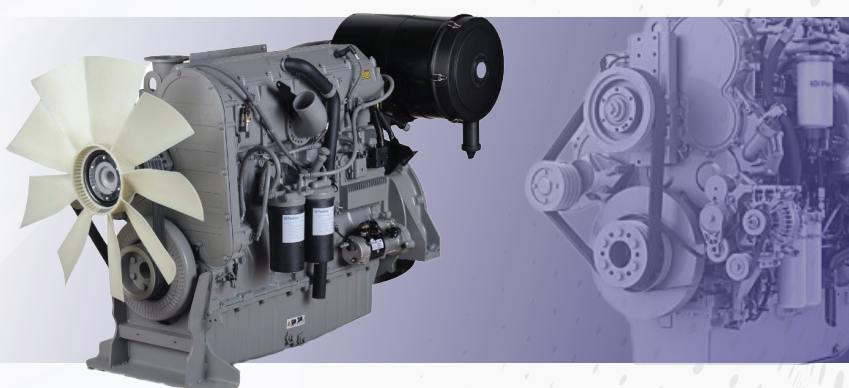

ENGINE SPARE PARTS

Integrated power solutions for your complex energy challenges

Offering high performance with reliability and economy.
